

Mong'are Abraham Sitori

Data Analyst | Economics & Statistics Student | University of Nairobi

+254 759 954 346 • abrahamsitori63@gmail.com • LinkedIn: Abraham (Mong'are) Sitori • Nairobi, Kenya

PROFESSIONAL SUMMARY

Certified Data Analyst and third-year Bachelor of Economics and Statistics student at the University of Nairobi, with active work experience in data entry and records management at AMREF Health Africa. Holds a Data Analysis Certificate from the Mathematics Association of Nairobi University (M.A.N.U) and a Certificate of Achievement in Software Development with AI for Software Engineering specialisation from the Power Learn Project. Proficient in Python, R, Advanced Excel, SPSS, and JavaScript, with a strong quantitative foundation from academic training in economics and statistics. A proven community leader and multilingual communicator — proficient in English, French (DELF B2), and Swahili — committed to leveraging data and technology to drive meaningful, real-world outcomes.

WORK EXPERIENCE

Data Entry Clerk

August 2024 – Present

AMREF Health Africa | Remote

Supporting data management operations at one of Africa's leading health development organisations on a remote basis. Responsibilities include:

- Accurately inputting, updating, and maintaining health programme data across digital databases and record systems.
- Reviewing and verifying data for completeness, consistency, and accuracy before entry.
- Organising and managing electronic records in line with AMREF's data handling protocols.
- Identifying and flagging data discrepancies or errors for review by the programme team.
- Supporting the programme team with data-related administrative tasks as required.

Supervisor: Kelvin Ondieki, Programme Associate, AMREF Health Africa.

EDUCATION

University of Nairobi (UoN)

2024 – Present

Bachelor of Economics and Statistics

Third-year undergraduate. Core coursework includes Probability & Statistics, Econometrics, Mathematical Economics, Quantitative Research, and Data Analysis.

Nairobi School

2020 – 2023

Kenya Certificate of Secondary Education (KCSE)

Completed secondary education at one of Kenya's national schools.

Jasipa Primary School

2010 – 2019

Kenya Certificate of Primary Education (KCPE)

Completed primary education.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Certificate of Completion — Data Analysis

Issued: 14 September 2026

Mathematics Association of Nairobi University (M.A.N.U) | University of Nairobi

Formally certified by the Department of Mathematics, University of Nairobi, upon successful completion of Data Analysis courses covering:

- Python — data wrangling, scripting, and analysis pipelines
- R Software — statistical computing, modelling, and data visualisation
- Advanced Excel — pivot tables, VLOOKUP, data cleaning, and complex formulas
- SPSS — statistical analysis and research data processing
- JavaScript — scripting and interactive data presentation

Certificate of Achievement — Software Development

July – November 2025

Power Learn Project (PLP) | In partnership with EMURGO Africa

Successfully completed an intensive 16-week Software Development programme covering:

- Python — scripting, data handling, and back-end development fundamentals
- Web Technologies — HTML, CSS, JavaScript; front-end development and UI principles
- Database Management — relational databases, SQL fundamentals, and data storage design
- Startup Building & Employability — entrepreneurship, product thinking, and professional skills
- Software Engineering Essentials — design patterns, version control, and best practices
- Specialisation: AI for Software Engineering — integrating AI tools into modern software development workflows

Signed by Sasaki Kenji (CEO, Next Chymia) and Mumbi Ndung'u (Executive Director, PLP). Certificate authenticated by QR code.

Leadership for Sustainable Development Goals

July – September 2025

AIIDEV Africa

Developed leadership competencies aligned with the United Nations Sustainable Development Goals, gaining skills in strategic planning, stakeholder communication, and community-impact project coordination.

DELFB2 – French Language Proficiency

February – June 2024

Alliance Française

Achieved intermediate-advanced (B2) level in French through the internationally recognised DELF examination framework.

SKILLS

Data Analysis: Python, R Software, Advanced Excel, SPSS, JavaScript — analysis, visualisation, statistical modelling

Software Development: Python, Web Technologies (HTML/CSS/JS), Database Management, SQL, version control

AI & Emerging Tech: AI for Software Engineering, AI tools integration, prompt engineering

Data Management: Data entry, records management, data verification, quality control, digital databases

Leadership: Team leadership, event organisation, club coordination, community engagement, mentoring

Languages: English (Proficient), French (DELF B2 – Intermediate-Advanced), Swahili (Native)

Soft Skills: Attention to detail, communication, problem-solving, adaptability, initiative, time management
